

TRUMBAUERSVILLE BOROUGH
EMERGENCY MANAGEMENT COORDINATOR

1 Evergreen Drive
Trumbauersville, Pa. 18970
215-536-1761

Dear Business Owners:

To date numerous businesses have been directed by the federal, state and county governments to either close, vary your mode of operation or limit your normal operational hours. There are still some gray areas as to who can still operate and to what capacity to operate. This is still being discussed between the state and county and numerous recommendations have occurred. To date all gas stations, pharmacies, supermarkets, sanitation, fire, police, ambulance, hospitals and all essential services for vulnerable populations will remain open and operating as normal.

The Governor's Office, the Department of Community and Economic Development (DCED) and the Pennsylvania Emergency Management Agency (PEMA) are currently working with the federal Small Business Administration (SBA) to secure an Economic Injury Disaster Loan (EIDL) program for business within Pennsylvania. This program would provide low interest loans to eligible businesses that have incurred or can show they will incur financial stress due to COVID-19. Once this has been approved and in operation, I will forward you all the information you will need to file for the loan.

I am requesting that you please notify me if you feel your business has experienced financial impact from the COVID-19 outbreak. I need to submit your business name to the county EMA office, who will forward that information to the DCED so the Governor's office can formally request the EIDL program from SBA.

Attached you will find the information your workers will need to file for either unemployment or workers' compensation benefits. We need to make sure that all workers are still obtaining some income during this pandemic situation to help sustain them till everything returns to normal operation again.

If you have any questions on any of this matter, please do not hesitate to call either myself or Larry Smock at the Trumbauersville Borough office 215-536-1761.

Thank you for your attention to this matter.

Marilyn J. Bobb, Emergency Manager Coordinator
Edward Child, Council President
James D. Black, Mayor
