

Coronavirus State of Emergency

The Borough of Trumbauersville wants to ensure that our most vulnerable residents have the assistance they need during the coronavirus emergency declared by Governor Wolf.

Our concern is the elderly and those with disabilities who have no one to look after them, such as their children, a neighbor or a social service. We want to make sure you have what you need in the way of food and toiletries.

Please let us know if you need assistance. Call the borough office at 215-536-1761 and leave your name and phone number. We will contact you to see what it is you need and determine how to get it to you.

Spor's and Peapod from Giant can deliver most of what you need. For those with financial concerns the borough can help with the extra cost of delivery, if there is one.

Scammers are taking advantage of fears surrounding the Coronavirus.

What the FTC is Doing

The FTC and FDA have jointly issued warning letters to seven sellers of unapproved and misbranded products, claiming they can treat or prevent the Coronavirus. The companies' products include teas, essential oils, and colloidal silver.

The FTC says the companies have no evidence to back up their claims — as required by law. The FDA says there are no approved vaccines, drugs or investigational products currently available to treat or prevent the virus. [Read more about the warning letters.](#)

Avoid Coronavirus Scams

Here are some tips to help you keep the scammers at bay:

- [Don't click on links from sources you don't know.](#) They could download viruses onto your computer or device.
- Watch for emails claiming to be from the Centers for Disease Control and Prevention (CDC) or experts saying they have information about the virus. For the most up-to-date information about the Coronavirus, visit the [Centers for Disease Control and Prevention \(CDC\)](#) and the [World Health Organization \(WHO\)](#).
- Ignore online offers for vaccinations. There currently are no vaccines, pills, potions, lotions, lozenges or other prescription or over-the-counter products available to treat or cure Coronavirus disease 2019 (COVID-19) — online or in stores.
- Do your homework when it comes to donations, whether through [charities](#) or crowdfunding sites. Don't let anyone rush you into making a donation. If someone wants donations in cash, by gift card, or by wiring money, don't do it.
